PROFESSIONAL SUMMARY

Interaction and Product Designer with 2+ years of experience creating intuitive digital experiences across fintech, enterprise applications, dashboards, and responsive web products. Skilled in interaction design, visual design, user flows, wireframing, prototyping, design systems, responsive UI, and UX research. Experienced in translating complex business and customer requirements into simple, usable experiences and collaborating with product, engineering, business, and cross-functional teams from concept through implementation.

CORE SKILLS

Interaction Design | Visual Design | Product Design | UX/UI Design | User Research | User Flows | Wireframing | Prototyping | Design Systems | Component Libraries | Responsive Design | Design Tokens | Dashboard Design | Information Architecture | Usability Testing | Competitive Analysis | Design Specifications | Cross-functional Collaboration | Digital Brand Assets

PROFESSIONAL EXPERIENCE

Product Designer

May 2025 – Present

Bajaj Finance Ltd.

- Designed end-to-end user experiences, banners and GIFs for fintech products including Gold Loan, Personal Loan, EMI, EDC, SalesOne, enterprise dashboards, and merchant-facing apps.
- Translated customer, business, and operational requirements into user flows, wireframes, high-fidelity interfaces, and interactive prototypes using Figma.
- Conducted UX research, competitive analysis, customer journey mapping, and usability-focused evaluations to identify user pain points and explore design alternatives.
- Designed enterprise dashboards and data-driven interfaces to help users understand business information and complete tasks efficiently.
- Built scalable design-system components and reusable UI patterns to improve consistency across digital products.
- Designed responsive interfaces and complete experience states including loading, empty, error, success, permission, recovery, and edge-case scenarios.
- Collaborated with Product Managers, Engineers, business stakeholders, and cross-functional teams to review designs, resolve implementation constraints, and support development and QA.
- Iterated on designs based on stakeholder feedback, usability findings, and product requirements to improve the overall user experience.
- Created training videos for M1, Dealer One, Samvaad, Gold Loan, PL, iEMI, and other key initiatives.

UI/UX Designer

July 2024 – March 2025

DChronicles Explication International Pvt. Ltd.

- Designed responsive websites, dashboards and web applications for various clients.
- Conducted UX research and competitive analysis to identify usability opportunities and inform design decisions.
- Created information architecture, user flows, wireframes, high-fidelity UI designs, and interactive prototypes using Figma.
- Collaborated with developers to communicate design specifications and maintain visual and interaction consistency during implementation.

UI/UX Designer

April 2024 – July 2024

Infoshard Technology

- Designed responsive web interfaces and user journeys for digital products.
- Created interactive prototypes, UI assets, and reusable design elements.
- Collaborated with cross-functional teams to develop intuitive and engaging user experiences.

PROJECTS

Bajaj SalesOne App (BFL) | Designed sales workflows, field-force journeys, and task-management experiences for enterprise users, focusing on efficient navigation and simplified task completion.

Enterprise (BFL) | Designed data-driven dashboards with charts, tables, and actionable insights to support business monitoring and decision-making.

Bajaj Finance for Business App (BFL) | Designed merchant-facing workflows and product experiences for the Merchant One App, focusing on intuitive navigation, streamlined interactions. Created training video of App & Web for Merchants.

SAMVAAD Event (BFL) | Designed videos, pamphlets, and standees for Samvaad 2025 & 2026 to support the Payments business's visual identity and promotional campaign, with the video showcased at Samvaad 2025.

MedApp – Doctor Appointment Booking App | Designed an end-to-end appointment booking experience covering discovery, scheduling, confirmation, and appointment management.

Amazon Prime Video Redesign | Explored improvements to content discovery and viewing experiences through information architecture, interaction design, and responsive UI.

boAt Website Redesign | Redesigned a responsive e-commerce experience for desktop and mobile, focusing on navigation, product discovery, and usability.

Social Media Analytics Dashboard | Designed dashboard experiences for presenting analytics and insights with light and dark interface themes.

Travel Booking Platform | Designed responsive travel booking platform for desktop and mobile.

Food & Dining Website | Designed food and dining website with user-friendly interface.

Auto Parts Website | Designed responsive website for auto parts e-commerce.
